Who should attend this workshop

This training is intended for IT professionals who would like to understand the basic concepts of Microsoft Azure.

Why choosing the itnetx Academy?

There are tons of workshops offered by various academies worldwide, but ours are definitely different: itnetX is a Microsoft elite partner and system integrator that helps customers to design, implement and operate complex solutions that are based on Microsoft components.

That said, we know what problems customers are faced with and what solution approaches exist to help customers reach their goals and become more productive.

This knowledge is packed into our workshops and presented by professional instructors.

If you want to learn from someone with real-world knowledge, customer experience and deep insights into a specific topic, take a first workshop and join our network—you will not be disappointed!
